

hilo pony baseball

revised march 4th, 2015

in case of rain

when it rains:

If the field is not ready for play by game time, the game will be cancelled.

do not leave it up to the umpires to cancel the game. If they do they receive full pay for making that decision.

umpires receive \$10 show up fee if they wait until game time.

if there is a rain delay during a game, and the field is soaked, the umpire has the right to cancel the game. If the umpire feels that the field can be drained of water, the 2 teams will have no more than 15 minutes to prepare the field. **a maximum time of 15 minutes will be added to the start time of the rain delayed game.**

example: game time is 8:00 am. Rain delay at 9:00 in the 4th inning. 10 minute delay. Rain delay again at 9:30 for 10 minutes. total time for delay is 20 minutes. No new inning shall start after 10:15 for bronco, pony, and colt games. No new inning shall start after 10:05 for mustang games.
